

Acres Way Kennels

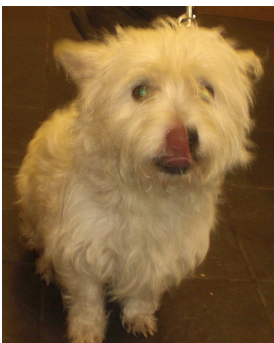

Below are some of the dogs currently looking for homes at Acres Way Kennels.

Dingo is a two year old male Labrador x Lurcher. He is good with other dogs and very friendly around people. He's quite bouncy and will need some further training to help settle him down.

Oz is a two year old male staffie. He's a very loving dog and very full of life. He gets on well with other dogs and would make a lovely family pet.

Honey is a four year old female westie. She came in with sore skin due to a flea allergy, but this is clearing up quite well now. She is good with dogs that she meets on her walks, but can get quite jealous so would like to be the only dog in the household. She gets on well with children.

Tilly is a three year old Jack Russell Cross. She can be quite nervous of strangers and would not be able to live with young children. However, once she gets to know you she is very loving and loyal. Tilly would like to live in a calm environment.
